Teaching, Learning and Assessment: This course will be delivered on a full-time basis, and days of study will vary for different cohorts, and students will be informed at the initial stage of the application process. The mode of delivery will be traditional face-to-face teaching. However, under unavoidable circumstances, the course may be delivered via blended learning or online delivery. Group and individual tutorial support will be provided throughout the course. Students will participate in sessions related to developing their academic skills, professional skills and overall development. Sessions for the course are delivered and designed with specific activities to assist students in developing knowledge based on their individual learning styles and goals. Employment engagement is embedded within the teaching and learning structure.

Teaching, learning and assessment will reflect an appropriate balance between broadening and deepening academic knowledge and developing practical employability skills.

Students will undertake a variety of assessments, both formative and summative, throughout the course. A variety of assessment methods may include presentations, debates, discussions, research on case studies and practical tasks. These assessments will enable progression and the identification of any support needs. This course does not contain any formal examinations.

Module assignments are set by the college. All assignments are mandatory and are targeted for industry-specific skills. Students will receive individual grades of a Pass, Merit or Distinction for each module. In order to gain the full qualification, all eight modules must be passed. Assessment grades are subject to internal and external verification.

The Higher National in Business curriculum provides a clear line of sight to employment, depending on which specialist areas students complete.

Student Support: An extensive induction programme will be provided as a first step to the introduction of the various support mechanisms available to students. Support will continue throughout the course, including the allocation of personal tutors for additional advice and guidance to facilitate students' progression and successful completion of the course. Employability and enrichment activities are embedded within the course to enhance students' overall personal, social and transferable skills.

Student Support and Welfare

Everyone from time to time needs a bit of support – someone to talk things over with other than a personal friend. The Student Welfare Service is available to all students who may be experiencing problems while at ECL. Problems can range from difficulties with coursework, financial difficulties, health issues, bullying or family problems. Whatever it may be, we can help.

The Student Welfare Team can help with specific problems on a regular basis or may be able to put the student in touch with external agencies if necessary. The team aims to offer support that is responsive to student needs in a confidential and non-judgmental manner. The team is friendly, approachable and available throughout the academic year. Details of the student welfare team will be provided to all students at the time of induction.

Empire College is committed to the welfare of all its students.

Academic Support:

Personal Tutorials: Personal tutors are assigned to every student throughout the course, providing support and advice individually and collectively regarding their progression and development.

Study Skills: Our academic team is committed to helping students realise their academic potential and move towards becoming independent learners. To enhance their career prospects and personal development, support is provided in academic writing, presentation skills, employability skills in the form of CV writing, interview techniques, taking notes and Harvard referencing.

Disability Support:

We will make adjustments and address individual support needs to ensure students with disabilities/ learning needs can fully participate. The college has a partnership arrangement with the Education Guidance Service (EGS) and has the professional, relevant background to support those students who require further professional guidance. EGS works with children, young people and adults who experience specific learning difficulties and social and/or emotional problems.

Students are encouraged to declare any disability/ learning needs at the time of the application process to identify their support needs. Regular meetings will take place with students throughout each semester to evaluate the effectiveness of the current support available and to identify any further support needed.

Mental Health Support:

Mental health includes our emotional, psychological, and social well-being. It affects how we think, feel, and act. It also helps determine how we handle stress, relate to others, and make choices. Mental health is important at every stage of life, from childhood and adolescence through adulthood.

Our welfare team will work alongside you if your mental health is having a serious impact on your learning journey.

The College offers a range of support to all students and staff both within the College and with external agencies.

Come and have a chat with our welfare team if you feel you are experiencing issues related to mental health which are impacting on your ability to engage in your day-to-day life.

Financial Support:

Depending on the student's circumstances, students may be eligible for financial support. Student Finance England offers support on tuition fees, living costs and childcare during the course. For further information, students are advised to visit the [Student Finance England](#) website for further information.

Those students with a disability may also apply for the Disabled Students Allowance (DSA). For details on eligibility and how to apply, please visit the [DSA](#) website.

Students experiencing financial difficulties during the course are advised to discuss the matter with the management team as soon as possible. Individual circumstances will be considered.

Careers Support:

We make sure that students will be given the opportunity to build on their career skills to help them either return to employment or progress in their current employment or to progress further in Higher Education.

- The college works with HE providers to support those students progressing onto degree programmes.
- The college works with the National Career Service advisers who provide information, advice and guidance to help students make decisions on employment opportunities.

Extracurricular activities:

The college has a variety of extracurricular activities taking place alongside the academic programme.

During the year, activities are organised within and outside the college to encourage students to socialise and enjoy a sense of participation within the community.

Attending these events is an opportunity for students to enhance and share experiences, network with students across the college and have a balance between academic and social life.

The student welfare team can be contacted via email studentsupport@ecl.ac

Admission Policy and Procedures

- 1.1 Empire College London is committed to ensuring transparency, consistency and fairness through its admissions policy and procedures.
- 1.2 Empire College London believes that a diverse student community is of benefit to all. The college is committed to widening access to and participation in Higher Education by seeking to raise awareness and expectations so that all those who can benefit from the provision can access it, progress and succeed.
- 1.3 The college will operate procedures that are fair to all applicants regardless of age, background, disability, gender, religion, sexual orientation, ethnicity, and pregnancy or maternity and comply with relevant equality legislation. No applicant shall be treated more or less favourably than any other on account of their background.
- 1.4 This policy applies to all applicants applying to study at Empire College London.

2. Responsibilities for admissions

- 2.1 The admission team is responsible for admission standards, policy & procedures and decision-making. The team consists of senior management and administration staff.
- 2.2 The senior management team is responsible for ensuring that policies and procedures align with the external body and regulatory requirements and that staff involved in admissions procedures, including administration staff, are provided with suitable training to make decisions.
- 2.3 The admission team is responsible for keeping copies of all application offers and refusals, together with the reasons for 5 years from the date of the decision. This will allow the college to provide any unsuccessful applicant with an explanation of how the decision was reached. This data will also be used as part of the College recruitment analysis and external data returns.
- 2.4 The team is responsible for ensuring confidentiality during the admissions process to comply with the requirements of the Data Protection Law and the annual review of this policy.

3. Admission Information

- 3.1 The college aims to provide clear, accurate and transparent information about its programmes that is appropriate to prospective applicants' needs in all internal and external communications.
- 3.2 Changes made to entry requirements will be communicated as soon as possible via the College Website and Prospectus. These sources should, therefore, be considered the most up-to-date. The Prospectus and the application form can be downloaded from the website.
- 3.3 College staff will communicate only with the applicant unless they have given consent for the college to discuss their application with another person.
- 3.4 In deciding whether to offer a place to an applicant, the college will treat each application on its own merits. It will consider the range of information supplied with the submitted application when identifying an applicant's suitability for the programme for which they have applied.
- 3.5 The college welcomes applications from students holding a range of qualifications. The college will use UK NARIC when considering the equivalence of overseas qualifications.

- 3.6 The college welcomes applications from mature students. Given the wide range of backgrounds, qualifications and experience that mature students may offer, entry requirements are not necessarily rigid and can vary from one individual to another.
- 3.7 The college recognises prior learning to avoid the duplication of learning and assessment for students. This is assessed as part of the admission process.
- 3.8 The Admissions team will arrange interviews for applicants to evaluate their subject knowledge and suitability for the course. All applicants will also undertake an initial assessment to indicate the level of English Language, Maths and ICT.
- 3.9 The Interview and initial assessment will be used in conjunction with the submitted application when making a decision.
- 3.10 International students will also have to satisfy the requirements of the UK Home Office for studying in the UK as well as meeting the entry requirements of the college.
- 3.11 An applicant who meets the entry requirements of a course, as indicated in our printed materials and on the website, does not necessarily guarantee an offer of a place.
- 3.12 The college makes decisions on how many offers should be made on programmes based on the College targets and any agreed allocation by external bodies where applicable.
- 3.13 After completion of the admission procedures, the applicant will receive notification of the decision on their application via email/letter within 14 working days.
- 3.14 The offer will specify any conditions that the applicant must meet to take up the offer of a place.
- 3.15 An applicant will be expected to respond to an offer within 14 days from the date of the offer.
- 3.16 An applicant who takes up an offer of a place with the college will receive an invitation to attend enrolment/induction. Attendance at enrolment/induction is mandatory. The induction program will provide students with further details of the college's policies and procedures, additional course information, and information on student support.
- 3.17 Students with disabilities or learning difficulties are advised to disclose these during the application process so that suitable support arrangements can be made before the student starts the course. The college may require further information to determine the level of support needed.

4. Changes to Programmes

- 4.1 If there is a change to a programme of study between the publication of the information and the start of the programme to which an applicant has applied, the college will notify applicants in advance, indicating the options available.

5. The responsibility of the applicant

- 5.1 The college expects that an applicant will provide complete and accurate information to be considered for admission. Applicants suspected of submitting or found to have submitted false information will be rejected.
- 5.2 The college reserves the right to withdraw an offer of a place if fraudulent information is identified following an applicant receiving an offer. Once enrolled, any inaccuracies are highlighted at a later stage, and the college has the right to retract any offer made or exclude the student without refund of fees.

6. Interaction with an applicant

- 6.1 The college is committed to ensuring that any interaction with an applicant or authorised person is conducted in a professional, courteous, and respectful manner. It expects any communication from an applicant or their authorised person to be conducted the same way.
- 6.2 Applicants or their authorised persons should note that the college will not tolerate inappropriate behaviour towards its employees. Hostile, aggressive or otherwise inappropriate behaviour will be viewed seriously and may influence the consideration of an application, appeal or complaint.

7. Feedback and complaints

- 7.1 Should an applicant wish to make a complaint concerning the application process or an appeal against an admissions decision or request feedback on their application decision, write in the first instance to the admissions team via email: admissions@ecl.ac if applying to the London Campus admissions.bham@ecl.ac if applying to the Birmingham Campus.

8. Applicants with a disability/additional support need

- 8.1 The College welcomes applications from students with a disability or additional support needs. Such applicants will be considered against the same criteria as all other candidates, following the process outlined in this policy.
- 8.2 In the event that a prospective student with a disability or additional support needs is considered eligible for an offer of a place, the admissions team will contact the applicant to discuss the additional support required.

- Please visit <https://www.gov.uk/student-visa> for further information on how to apply under the student route.
- Any false or forged documents found by the UK Embassy or High Commission may result in a ban from applying for any UK Visa, and may also result in a criminal conviction.
- **Students** must inform the college about the outcome of their Entry Clearance/VISA application within 7 days. Successful applicants must notify the college of their arrival date and send a copy of their Entry Clearance/VISA. If entry clearance/further leave to remain is refused, students must contact the college via email: admissions@ecl.ac or admissions.bham@ecl.ac as soon as possible with the relevant refusal documents from the British Embassy/High Commission/UKVI.

Student Transfer Arrangements:

1. Students transferring to Empire College London from another institution.

The eligibility of a student transferring from another institution to Empire College London is determined by the relevant course entry requirements and the timing of the request to transfer.

Students from another institution wishing to transfer to a course at Empire College London should contact the admissions team at admissions@ecl.ac or admissions.bham@ecl.ac if applying to the Birmingham Campus.

Students transferring to the college whose admission is based on prior attainment will be required to provide the original certificate or transcripts before a decision is made on the transfer.

Following approval of an applicant's request to transfer to the college, the admissions team will provide confirmation to the applicant. Relevant course fees will apply.

If the transfer is unsuccessful, the applicant will be informed in writing, and should they wish to appeal the decision, they are advised to contact the admissions team via email at admissions@ecl.ac or admissions.bham@ecl.ac

Those students who wish to transfer due to their previous institution's closure must discuss their circumstances with the admissions team before applying for a transfer. In some cases, additional administration fees may be applied for the assessment of coursework that has not been assessed at the previous institution.

2. Registered students transferring to another institution

Registered students wishing to transfer to another institution should, in the first instance, should contact the management team to discuss their withdrawal from the course.

Once the withdrawal has been confirmed, confirmation of the student's achievement at the college to date will be provided. These may be provisional results subject to verification by the awarding bodies.

A full or partial refund of paid tuition fees will be provided in accordance with the refund and compensation policy.

3. Students transferring to another course within Empire College London

For students wishing to transfer within the college, consideration will be given to the following:

- Transfer onto a similar course
- Completed credits, level attained
- Timing of the request to transfer

Transfers will be facilitated by the management team with the input of teaching staff of the current course and the course requested for transfer.

4. International students and course transfers

International students wishing to transfer to Empire College London from another institution or transfer out of Empire College London to another institution will be subject to current UK immigration rules.

International students who are transferring to another institution will have their sponsorship from the current institution withdrawn. Students are advised to contact their new institution for details on how to apply for a new student visa.

In the event of a transfer in or out of the college, advice and support will be available to students individually or collectively by the management team.

The college will support all transfer arrangements promptly, so study time is not affected or reduced.
